

122/19

C3 4.1.3

What are parts of a tile pattern related to the growth of a line on a graph?

$$y = 4x + 2$$

total # of tiles # the tiles increase by figure # # of tiles the pattern starts with

repeat rule, table and graph for each pattern.

Then

4-25

Then

In your spiral, where do you see the growth in the:
pattern, rule, table and graph

Lesson 4.1.3 Resource Page

Tile Pattern #1

Figure #	0	1	2	3	4
# of Tiles	2	6	10	14	18
	+4	+4	+4	+4	

Pattern Analysis

rule:
 $y = 4x + 2$

Tile Pattern #2

Figure #	0	1	2	3	4
# of Tiles					

Tile Pattern #3

Figure #	0	1	2	3	4
# of Tiles					

Tile Pattern #4

Figure #	0	1	2	3	4
# of Tiles
