

Proportional Relationships

make connections between different representations of the same proportional relationship.

Proportional Relationship

* starts at (0, 0)

x	y
0	0

* increase at a constant rate

rate

$$\frac{\$150}{5 \text{ hr}}$$

÷ 5

unit rate

$$\frac{\$30}{1 \text{ hr}}$$

÷ 5

Graph

table

x: hour	y: money
0	0
1	30
2	60
3	90
4	120
